

Our Community helps the students to discover how people and businesses operate within their community. They will look at the people, shops and services which make up a community, what contributes to a good community and get introduced to tax and voting.

Session 1: What is a Community?

Explore features of a Community.

Find similarities in our imaginary community, and yours!

Session 2: The Empty Shop

**Identifying shops and services that are essential for a good community.
Learn about the 'needs' and 'wants' of a community.**

Recognise the importance of voting and learn how to conduct a vote.

Session 3: Government and Taxes

**Defining and understanding the importance of a Government.
Understanding Taxes.**

Looking at Government and Non-Government jobs.

Recognising the essential elements that make up a community.

Session 4: Building a Community

**Understand the needs and wants when building a cohesive community.
Using decision-making and numeracy skills to prioritise for the better of the whole community.**
